PROFILE

Motivated **Python Full Stack Developer** with hands-on experience in designing, developing, and deploying scalable web applications using **Python, Django, React.js, RESTful APIs, and MySQL**. Strong expertise in **CRUD operations, API integration, authentication systems**, and responsive UI development. Proven ability to collaborate in team environments, write clean and maintainable code, and deliver secure, performance-optimized solutions. Actively seeking full-stack or backend developer roles.

SKILLS

Frontend: HTML5, CSS3, JavaScript, Bootstrap5, React.js.

Backend: Python, Django, Django REST Framework, RESTful API Development.

Databases: MySQL, MongoDB.

Testing & Tools: Git, GitHub, Postman, Figma.

Others: JWT Authentication, REST API Integration.

PROFESSIONAL EXPERIENCE

SMEC Technologies, *Python Full Stack Intern*

2026(Completion) | Kochi, Kerala

- Developed and maintained full-stack application modules using **Python, Django, and REST APIs**, improving data handling efficiency.
- Built **responsive and reusable UI components** using **React.js, HTML, CSS, and Bootstrap**, enhancing user experience and accessibility.
- Designed and integrated **MySQL databases** using Django ORM, optimizing query performance and ensuring secure data storage.
- Implemented **authentication, form validation, and role-based access control**, strengthening application security.
- Tested and validated APIs using **Postman** and managed source code with **Git and GitHub**. Assisted in debugging, deployment preparation, and application performance optimization.

PROJECTS

ANGEL EYES

Tools: Python Flask, HTML5, CSS3, Bootstrap, JavaScript, MySQL

Responsibilities: Developed secure backend APIs using Python Flask to handle data processing and storage.

- The proposed assistive system is designed to significantly enhance the independence and safety of visually impaired individuals.
- The system incorporates AI-driven tools such as object detection, currency recognition, and familiar person identification, allowing users to better understand their environment in real time.
- Key emergency features, including fall detection, SOS alerts, and an AI-powered chatbot for inquiries.

2. E-Commerce Product Showcase Application

Tools:React.js, Django,TailwindCSS, JavaScript (ES6+),JSON Server

- Designed and implemented a highly responsive UI using TailwindCSS, ensuring an accessible experience across devices
- Developed core components in React.js to handle dynamic product listing,filtering, and sorting based on user criteria.
- Managed the application’s state(including the shopping cart) using React Hooks for predictable dataflow.
- Simulated API communication by integrating with a JSON Server to fetch and manage product data efficiently.

3. Booking App

- Developed a full-stack hotel booking platform using React and Django REST Framework, featuring a custom availability algorithm that prevents double-booking.
- Integrated JWT-based authentication and Stripe API for secure user sessions and simulated payment processing.
- Optimized frontend performance by implementing React Hooks (useMemo, useCallback) and debounced search, reducing API overhead by 40%.
- Managed relational data using PostgreSQL, designing a schema to handle complex relationships between Users, Rooms, and Bookings.

4.Hospital Booking Management

- Built a web-based hospital booking system with patient registration, doctor management, appointment scheduling, admin dashboard, and database integration using Django.
- Improved booking efficiency by enabling online appointment scheduling and status tracking
- Designed responsive frontend pages using HTML, CSS, and Bootstrap
- Managed backend database operations with SQLite/MySQL

EDUCATION

Mount Seena Arts and Science College, Palakkad,
Kerala, *Bachelor of Science in computer science(BSc CS)*
Under Calicut University
CGPA:7.117

2022 – 2025

S.M.M.H.S.S Pazhambalacode Higher Secondary School
Palakkad, Kerala,
Higher Secondary Education (Class 12) - Bio Maths
Percentage: 90

2020 – 2022

S.M.M.H.S.S Pazhambalacode Higher Secondary School,
Palakkad, Kerala, *Secondary Education (Class: 10)*
Percentage: 94
